

## Media Release

For Immediate Release: 4 October 2022

Subject: Baczewski Joins LMS as Senior Business Development Specialist

# David Baczewski Joins LMS as Senior Business Development Specialist

**Former command pilot and executive program manager will focus on new military applications for company's fuel measurement & management technologies**

(FAIRFAX, VT – 4 October 2022) – Liquid Measurement Systems, Inc. announced today that David Baczewski has been named Senior Business Development Specialist – Military for the Vermont aerospace firm.

He assumes leadership of the company's Business Development activities, driving growth across sectors and platforms on both military and commercial aircraft, fixed wing and rotary, hybrid-electric propulsion, unmanned system, and platform upgrades and modifications.

Baczewski brings extensive U.S. Air Force and Air National Guard experience to LMS, including roles in executive-level leadership, strategic planning and program management, project oversight, and comprehensive operations in such high-profile positions as Deputy Director of Operations in European Command and as Executive Officer to the Deputy Commander of U.S. Northern Command. He is a former command pilot with more than 4,000 flight hours in the F-16, T-37 and T-38.

LMS is a growing company with a big mission: to deliver best-in-industry fuel measurement and management solutions for aerospace and defense applications. The company designs, develops, certifies, manufactures and supports systems and components that meet technical requirements unique to the customer's application.
